Click on photos for a larger view.

Because of storage restrictions on the Internet server, the size and resolution of each photo has been decreased to about 100 KB (1/2 mega pixel). As a result, the images may not appear crisp on your web browser and they may not produce a clean print when printed directly from the Internet. Photos downloaded to a PC will have a sharper appearance and print better, but they still may not produce a quality print due to the reduction in resolution.

[How do you download a photo?](#)

Larger resolution photos (3 mega pixels/1.43 MB) for printing are available and will be emailed to you upon request. Send requests to Commander@BananaWind.us
